

Monitoring and Evaluation to Collaborate, Learn, Adapt, and Knowledge Management (MECLAK) IDIQ

Four Tasks

1. Monitoring Services
2. Evaluation and Assessment Services
3. CLA Services
4. KM Services

The **Monitoring and Evaluation to Collaborate, Learn, Adapt, and Knowledge Management (MECLAK) IDIQ** provides a central platform for the procurement of support services that will strengthen, support, and facilitate USAID's monitoring and evaluation (M&E), collaborating, learning and adapting (CLA), and knowledge management (KM) practices and approaches within USAID missions in Southern Africa and in USAID activities across Southern Africa.

QED Group MECLAK Consortium: QED Group leads a consortium of international and local firms to offer an exceptional technical team with expertise across all four task areas and experience working across the Southern Africa region. Led by [QED Group](#), our consortium includes [Genesis Analytics](#), [Broadreach LLC](#), [GeoPoll](#), [ikapadata](#), [JET Education Services](#), and [Southern Hemisphere](#).

QED Group MECLAK Consortium

	<p>QED Group is a global consulting firm with more than 20 years of experience providing data-driven and insightful solutions in close to 100 countries. We help to make data accessible, understandable and actionable by engaging with stakeholders and partners to foster efficiency and effectiveness in the use of resources. We seek to ensure integrated, systems-wide approaches for sustainable, locally-led development and have worked synergistically across a multitude of sectors including health, agriculture, democracy and governance, economic growth and private sector engagement.</p> <p>www.qedgrouppllc.com</p>
	<p>As the largest economics-based consulting firm in Africa, Genesis Analytics were the pioneers on the continent in the specialised areas of Shared Value and Applied Behavioural Economics. We apply financial, strategic and evaluative tools to improve decisions and unlock value. https://www.genesis-analytics.com</p>
	<p>BroadReach LLC designs and delivers effective solutions to healthcare problems in emerging markets, empowering stakeholders to make the right decisions and implement the right actions that improve health outcomes and change lives. BroadReach is a certified implementing partner for Vantage, an intelligent operating system transforming big data into inspired impact on the ground. https://www.broadreachcorporation.com</p>
	<p>GeoPoll is the mobile surveying platform of U.S. registered small business, Mobile Accord. Through GeoPoll's partnerships with mobile network operators (13 in Southern Africa alone), GeoPoll reaches more than 20 million mobile phone users in the region to provide a quick, cost-effective, and real-time innovative means for data collection.</p> <p>https://www.geopoll.com</p>
	<p>ikapadata is a survey research and data science company based in Cape Town, South Africa. Core capabilities include survey management, survey design, sampling, form development, fieldwork management, quality control, data analysis and visualization and the development of data-driven backend systems for research and monitoring & evaluation.</p> <p>http://ikapadata.com</p>
	<p>JET Education Services is an independent, non-profit organization based in Johannesburg, South Africa working to improve the quality of education and the relationship between education, skills development and the world of work.</p> <p>https://www.jet.org.za</p>
	<p>Southern Hemisphere is a leading South African applied research and evaluation firm which specializes in participatory development interventions with a focus on building learning organizations. Southern Hemisphere has collaborated with USAID, IPs, international and regional NGOs, academic institutions, and civil society groups to provide meaningful expertise in applied research & evaluation, designing & planning of development interventions, design of monitoring, evaluation, and learning systems. https://www.southernhemisphere.co.za</p>
